

COPELANDS OPENS!

Andrea Selby, Manager

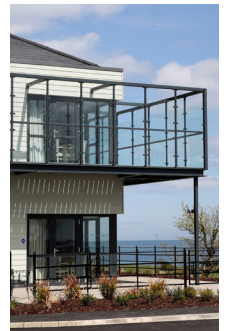

We are delighted to have recently welcomed our first residents to Copelands.

It's been a long journey to this point and we would like to thank all those who contributed in any way and shared our vision for this special place. Copelands will not only provide luxurious accommodation but will also offer the best possible care and support for those who live here, and their families. I hope this small selection of images gives you a taste of what you have helped us to build. Thank you
