

Every day across Northern Ireland, people of all ages are facing a housing issue.

This year, let's all start
#thinkingINSIDethebox

Too often, they have to move their belongings in black plastic bags, lacking practicality & dignity.

At BCM we are #thinkingINSIDethebox

by providing plastic boxes. These can then be reused for storing clothing, moving house, bathing the baby, sensory play etc. A simple solution which also gives dignity.

We are asking for YOUR help to buy boxes for people we support.

Have you spent your Spend Local card yet? This could be a great way to use it before the deadline.
